Relaysper Torch Branch δ+: Taho

A Relay Torch. Dedicated to Kiwi

Jam uiliat seteo enir Tucēlehoecesā mun leim acanot.
¿Setē hi uhan Iuecasā omarac fen cjēm cuin cjeine cuīn ehac tuco?
¿Seteo hi umuōs sane hi mimarāc tucula tuco?
¿Setē muos leim milisao amuos ties cuin cjeine cuīn sjisji Aecasā enil muo tuco?
Ucēlehoecesā seteo canot talin efui, hi ulisaō Aecasā seteo meījula.

      Attached is the complete documentation of my speedlang, Taho, which you will need to deconstruct the torch written above. IPA is available if needed, but strongly discouraged. If you have questions on my documentation, feel free to DM me, Matzah. Anyways, good luck and happy conlanging!
